Marqués de Malpica Collection

JUNE 2018

An exclusive set of new glass designs will compose the second collection to consolidate the brand within this niche market . A richer concentration of crystals scattered around the base of the bowl invites you to feel them and to turn the glass against the light to admire the different highlights and colors these Swarovski crystals reflect.

Marqués de Malpica Collection

Duque de Arión

JUNE 2019

This collection will be aimed for those who are attracted to the limited editions. "Duque de Arión" will be Luxor's top of the range product and wants to satisfy the most passionate and sophisticated customers through an exclusive design embellished with over 500 crystal around glass stem and foot.

Future Collections

JUNE 2020

Luxor Crystal will develop modern and original creations for the purpose of achieving new customers worldwide. Contemporary designs inspired by today's modern luxury products will add a further exclusivity to the collections.

New shapes conceived keeping in mind, not only the aesthetics and the proportions but the functionality and application of crystals will be the objective for future collections to establish Luxor as a leading company in the sector.
